

# RMIT Year 12 Selection Task Guide

## 2026 Intake

### Steps for applying

- Find out about the program and entry requirements on the RMIT program’s webpage.
- Note important dates. Do not leave it too late. Prepare early.
- Apply to VTAC. Check VTAC website for other dates. [www.vtac.edu.au](http://www.vtac.edu.au)
- Start preparing your material, images, folio, and anything needed for the selection tasks.
- Complete and submit the selection task for all your programs you are applying for.
- Wait to hear from RMIT about any next steps. Not all programs will contact applicants. Refer to VTAC guide.

### General Information

Submitting a selection task does not constitute an application for an RMIT program. You must apply via VTAC.

Ensure you complete **all selection tasks** by the specified deadline or you will not be considered.

If applying for more than one RMIT program that requires a selection task you **must** submit selection task/s for **each** program. Information on how to submit images or content is outlined in the pre-selection kit, online or via communication sent from RMIT.

Regrettably, we do not have the resources to respond to each applicant to discuss their individual circumstances and options.

For the January and February rounds, applications requiring selection tasks will only remain open **if places are available**, and will close once enrolment capacity is reached.
